It is a great pleasure to present the exhibition *VI RUS* featuring new works by Gudrun Hasle, Henrik Menné, Mie Mørkeberg, Julie Nord, Allan Otte, Ahmad Siyar Qasimi, Anna Sørensen og Morten Søndergaard.

The works at the exhibition all take their starting point in Morten Søndergaard's poem *VI RUS*, published on March 13th in the Danish newspaper Information. Just like the poem, the works centre around the concrete and unusual situation we presently find ourselves in.

We are of course following the guidelines of the health authorities and we allow only five visitors at a time. This also means that we do not have the usual opening but instead have extraordinary opening hours:

Friday, April 24, 12 am - 6 pm

Saturday, April 25, 12 am - 6 pm

Sunday, April 26, 12 am- 6 pm

Hereafter, the gallery returns to normal opening hours (Wednesday-Friday 12am-6pm and Saturday 11am-4pm), yet still with a maximum of five visitors at a time. Questions regarding specific artworks can be directed to:
